ABOUT US

Direct Plumbing Solutions Ltd operates in South Yorkshire and the surrounding areas.

We are a growing company working with domestic and commercial clients, striving to exceed our clients’ expectations; we believe this is what sets us apart from others.

Our friendly and professional team of employees who are all qualified, DBS checked and capable, ensure we provide an excellent service to all our clients.

We have several high-quality suppliers on board and working together we can guarantee to satisfy all our clients’ needs to complete each project within the desired timescale.

Our team covers all projects from providing 3D drawings, to organising other trades, and completing, with an experienced finishing team.

We believe we are the ‘one stop shop’ for all plumbing needs.

Direct Plumbing Solutions Ltd are fully qualified with an honest, trustworthy, and hardworking reputation, and are proud of the hard work we have achieved so far.

**“Beautiful bathrooms and expert
tiling for a perfect finish”**

OUR SERVICES

We cover everything from dripping taps and blockages to central heating and boiler breakdowns.

Our services don't stop there.

We also carry out full kitchen and bathroom installs with an expert tiling service, from design to finish including complete loft conversions and loft extensions.

Not just domestic, we have the big stuff in mind!

Already taking on larger projects.

We already have a vast array of clientele in the commercial sector.

Fully accredited and insured to complete installs in commercial premises, new builds, building developments, refurbishments and large scale contractual works.

Shops, Bars and Restaurants, Schools, Show rooms, Hotels, Air BNB's, Log Cabin Parks, Gyms and Leisure Centres, Recovery Centres and Spa's.

We've got what it takes to take on your project and run with it!

CENTRAL HEATING SOLUTIONS

We can cover all your central heating needs, from new radiators and boilers, flushing, servicing and repairs.

BOILER BREAKDOWNS

Boilers can break down when you least expect it. We operate an emergency call out service and can fix it no matter what time of day or night.

KITCHENS & BATHROOMS

Installs, renovations, repairs, plumbing problems and gas works.

From creative design to a professional finish.

REGISTERED & CERTIFIED

Qualified and registered to work on domestic and commercial contracts.

City & Guilds | BPEC | Gas Safe
CSCS | CHAS

TILING

Bathrooms, W/C, kitchens, utility areas.

Walls and floors.

Shops, Gyms, Sauna's, Leisure Facilities, Bars, Club's, Café's.

Professional and high quality.

**“Certified and experienced to take on
large scale commercial projects”**

PORTFOLIO

NEW BUILD SITES

We are currently working on numerous new build sites across South Yorkshire for major house builders, comprising of 2 and 3 storey houses.

We have the plumbing and tiling contracts for these sites.

We provide a dedicated team of experienced Plumbers for each construction site and new build, to ensure that we meet all project deadlines and work with project management to keep the operations running smooth.

We are qualified and CSCS accredited to work safely on construction sites and can work professionally as part of a construction team.

DOMESTIC BATHROOMS

We have been completing 1 Bathroom per week for the past 12 months. These range from mid-range to high end luxury bathrooms and are all beautifully finished by our team of experienced Plumbers.

Each job gets signed off by the director on the final visit, to ensure the client is happy with the completed works.

SCHOOL WORKS

We work with a number of schools within the area that fall under the 'Brigantia Trust'.

We work with them to ensure that the schools are safe for their educational needs, where children will be present.

From a leaking tap, to replacing fittings that don't comply with current legislations and replacing Lochinvar water heaters.

LOG CABIN CONTRACTUAL WORKS

We have been working with this company since 2019 and have carried out various installations, repairs, and services on all their lodge properties, service sheds, receptions and bar areas.

64 Lodges completed with works continuing at site 1.

61 Lodges, reception and service shed completed at site 2

24 Lodges, Café and service shed completed at site 3
(brand new Lodge development site)

- To supply, install and test units as requested.
- All materials to connect water, soil and waste systems.
- Both bathrooms, kitchen and utility areas, outside taps, waste and lagged.
- Antifreeze system to manufacturers recommendations and balance radiators.
- Install combi boiler flue, pipe up and copper supply to the appliances and test.
- Issue Landlords certificates and provide annual boiler services on both domestic boilers and commercial in their leisure centres.

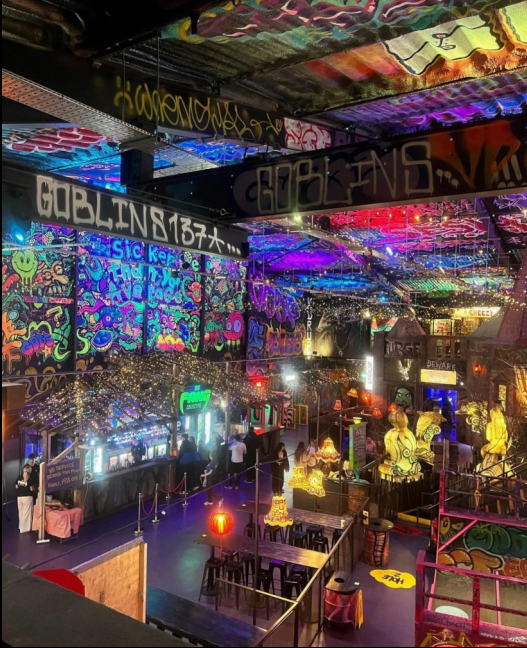

CONTRACTUAL WORKS

We have recently undertaken a contract with a local company, fitting out and refurbishing mobility bathrooms.

The scope of this work is different from our usual projects, in that they require door frames widening, level access showers and grab rails fitting to where an occupational therapist advises.

We have been excited to get into this work and enjoy ensuring the accessibility to everyone is equal. It has widened our capabilities and we are now confident we could offer these services in our private bathroom work where needed.
